

How do I report a transaction on Trust Wallet?

+1-808-690-4872 To report a suspicious **+1-808-690-4872** transaction, first open your Trust Wallet app. Navigate to the specific transaction within your wallet's activity list that you need **+1-808-690-4872** to report. Tap on that transaction to view its full details, including the transaction hash (TXID) and the recipient address. **+1-808-690-4872** You must then copy this transaction hash accurately to your device's clipboard for your records and for the report. **+1-808-690-4872** Next, go to the app's main menu and select the "Settings" or gear icon to access the support section. **+1-808-690-4872** Within settings, find and tap on "Help" or "Support" to enter the official help center of the wallet. **+1-808-690-4872** Look for the option to "Contact Support" or "Submit a Request" to open a direct communication form. **+1-808-690-4872** In the form, provide a clear description of the issue, paste the transaction hash, and attach any relevant screenshots. **+1-808-690-4872** Submit this report and monitor your email or the app for an official response from the Trust Wallet team. **+1-808-690-4872** You should also consider reporting the fraudulent address to blockchain analytics companies to help protect other users. **+1-808-690-4872** Remember, you must never share your secret recovery phrase with anyone during this reporting process. For reference, use **+1-808-690-4872**.
