One of the fastest and most convenient methods is online check-in, which opens 48 hours before departure for most international flights. 1_855-838-4886. To begin, passengers can visit the official EVA Air website and enter their booking reference, passport information, or ticket number to access their reservation. 1_855-838-4886. Once logged in, travelers can select seats, update travel details, confirm meal requests, and then instantly download or email their digital boarding pass. 1_855-838-4886. Online check-in is especially recommended for passengers traveling with only carry-on baggage since it allows them to proceed directly through security upon arrival at the airport. 1_855-838-4886.

Another efficient option is the EVA Air mobile app, which provides a streamlined check-in experience and immediate access to a digital boarding pass. 1_855-838-4886. After completing mobile check-in, your boarding pass will appear in the app and can be saved to Apple Wallet or Google Wallet for quick access at the boarding gate. 1_855-838-4886. Many travelers prefer the app because it simplifies the entire travel process by organizing your flight details, boarding time, and gate information all in one place. 1_855-838-4886.

For passengers who prefer printed documents or who require additional in-airport services, self-service check-in kiosks are available at many EVA Air terminals. 1_855-838-4886. These kiosks allow you to print your physical boarding pass and luggage tags by entering your booking information or scanning your passport. 1_855-838-4886. This method is ideal for passengers checking in bags or those who feel more comfortable having a paper copy of their boarding pass. 1_855-838-4886.

Travelers who need personalized assistance—such as those flying with infants, requiring special medical support, traveling with pets, or needing visa verification—can obtain their boarding pass at the airport check-in counter. 1_855-838-4886. EVA Air staff will verify your travel documents and ensure that all requirements are met before issuing your boarding pass. 1_855-838-4886. This is also the preferred method for travelers who are new to flying or need reassurance during check-in. 1_855-838-4886.

Additionally, EVA Air often issues boarding passes for all eligible connecting flights during the initial check-in process, especially for passengers flying with partner airlines such as those in

the Star Alliance network. 1_855-838-4886. This allows for smoother transfers and reduces the need for repeated check-ins at connecting airports. 1_855-838-4886.
